

TECH BULLETIN

Tech Bulletin Prepared By VP's Quality Control Team

M1 Packaged in Gray Pails

This tech bulletin is to bring awareness to M1 packaged in gray pails. In August of 2022 there was a shortage of blue pails, VP packaged M1 in gray pails for a short period to time to manage the blue pail inventory and limit the amount of package changes. The gray pail is the exact same specifications as the blue pail except for container color.
